

Nguyen Minh Anh

Product Manager | SaaS & Fintech Products

Ho Chi Minh City, Vietnam | +84 913 482 706 | minhnh.nguyen@example.com | linkedin.com/in/minhnh-nguyen

PROFILE

Product Manager with 5+ years of experience building B2B SaaS and payment products.

Strong background in user research, product discovery, roadmap planning, and cross-functional delivery with engineering, sales, and customer success teams.

EXPERIENCE

Senior Product Executive - FinHub Vietnam JSC

01/2023 - Present

- Owned roadmap for merchant onboarding, reducing average activation time from 3.5 days to 18 hours through KYC workflow redesign.
- Worked with engineering and compliance to launch transaction monitoring dashboard used by 120+ internal users.
- Defined PRDs, acceptance criteria, release notes, and product metrics for monthly feature releases.

Product Analyst - Nova Retail Tech

08/2020 - 12/2022

- Analyzed funnel behavior for POS subscription product and identified drop-off points that improved trial-to-paid conversion by 14%.
- Coordinated UAT with 30 pilot stores and translated feedback into backlog items for sprint planning.
- Prepared weekly product performance reports for management using SQL extracts and Mixpanel dashboards.

Business Analyst - Mekong Digital Solutions

06/2018 - 07/2020

- Gathered requirements from enterprise clients and produced wireframes, process flows, and functional specifications.
- Supported implementation of CRM modules for insurance and logistics customers.

SELECTED PROJECTS

Merchant KYC 2.0

Redesigned onboarding journey with risk-based steps, automated document checks, and internal review queues.

Billing Insights

Built self-service usage and invoice visibility for SaaS customers, decreasing billing support tickets by 21%.
